◀ **Fashionable Spill Garment**

The Dining Dickie™, available from JaneMarie Designs, is a reversible garment made to look like a blouse or a shirt, complete with a collar. The stylish garment fastens with Velcro behind the neck, making it easy for those with limited arm movement to put on and take off. Unlike terry cloth bibs, the wrinkle-resistant Dining Dickie covers the diner's entire lap when sitting. It is made of high-quality prewashed cotton that resists shrinkage and fading. It can also be worn as a smock or apron.
